## DAVID PETERS DIES AT HOME THURSDAY

David Heinrich Peters, 63, died at his residence in the Burns ranch district east of Didsbury on Thursday, March 20th.

Born in Kronsweide, Russia, Mr. Peters came to the Didsbury district 21 years ago and has farmed here ever since.

Surviving are his widow, Maria; three daughters, Mrs. A. Epp, Carstairs; Mrs. C. Harder, Carstairs; and Helen of Didsbury; two sons, Valentine of Didsbury and Henry of Mission, B.C. Also seven grandchildren.

Funeral services will be conducted from Burns Ranch Church this afternoon (Wednesday) with Rev. C.G. Neufeld officiating, and interment will follow in the Last Rest cemetery. Arrangements are in charge of W.A. McFarquhar of Didsbury Funeral Home.

## FORTY YEARS AGO

March 28, 1907

A change has been made in the electoral districts of Alberta. Didsbury is now in the Deer district instead of Calgary.

A meeting was held in the Opera House last Friday to protest the way the C.P.R. was discriminating against Didsbury in the matter of supplying freight cars to move local produce to market.

Owing to the recent construction over the Little Red Deer river west of Didsbury a large district has been opened for settlement and many homesteads will be taken up this coming summer.

Born to Mr. and Mrs. W.G. Liesemer on Sunday, March 24, 1907, a daughter.

To Mr. and Mrs. Geo. Liesemer on Thursday, March 28, a daughter.

## PRICE OF MILK INCREASED IN DIDSBURY TO 13 CENTS

The price of milk in Didsbury advanced one cent a quart on Monday, and consumers are now paying 13 cents per quart instead of 12 cents. This will be sold at 7 cents, according to Thor Morris, proprietor of the Didsbury Dairy.

This is the first increase in price made by the local dairy since the start of the war. During the war years milk in Didsbury sold at 10 cents a quart, with the government subsidizing the dairy 2 cents. When the subsidy went off the price of milk was increased to 12 cents but the dairy did not get an increase. Now, due to increased production costs it has been found necessary to increase the price by one cent a quart, says Mr. Morris.

This price increase is in line with the towns of Olds and Carstairs. Calgary price of milk is 14 cents a quart.

## Hon. Ian Mackenzie Says That The Red Cross is Indispensable

"I am particularly anxious that the public should be fully aware of the great contribution the Red Cross has made and is continuing to make to the welfare of those who served," Rt. Hon. Ian A. Mackenzie, Minister of Veterans Affairs, said in a statement issued recently.

"Eighteen months have elapsed since V.J. Day and the Society is still doing magnificent and indispensable work for the men who are in hospitals as the result of their war service," he said. "However comprehensive a rehabilitation program may be—and certain the scope of the Canadian program is exceedingly broad—there are always many things which cannot be effectively done except by volunteer agencies, among which the Red Cross plays a leading role."

Mr. Mackenzie mentioned the Red Cross Ladies adjacent to all large Department of Veterans Affairs hospitals in Canada, a summer convalescent hospital and residence club for disabled pensioners, and told of the work of the Red Cross in furnishing instruction in arts and crafts, a shopping service, library facilities, transportation, an extensive service of cinema films, and other entertainments and many other kinds of comforts.

"The Canadian Red Cross Society provides the friendly human services that say to Canada's sick and disabled veterans, 'You have not been forgotten,'" the Minister declared.

"I am sure the people of Canada will respond generally to the current appeal of the Red Cross for funds in order that you may carry on your fine work for veterans and the many other meritorious welfare services which your Society provides."

The national appeal of the Canadian Red Cross for peace-time funds is for a total of \$5,000,000. Of this, \$1,550,000 is sought for work among veterans, including the operation of lodges.

Your support is needed. Give generously to the Red Cross in its present drive for funds to carry on the good work for another year.

## LOCAL BOYS GET GOOD PRICES FOR CALVES

At the Calgary Stock Show and Sale last week the Junior members came in for some of the honors and received good prices for their calves. Included in this list was Gordon Robertson of Westcott who received 20c per pound for his 647-pound calf; Donald Robertson of Westcott, getting 20c per pound for his 676-pound calf, and Roy Westfall of Carstairs, who received 16c per pound for his 704-pound entry.

## MT. VIEW BIBLE SCHOOL EXEMPTED FROM TAXES

As a result of representation to the Legislature last Monday in which a petition signed by 72 per cent of the electors of the Town of Didsbury was presented, a special bill was passed allowing tax exemption to The Memorial Brethren in Christ, on their Bible School property in East Didsbury.

The original bill provided tax exemption on all Bible School property, but provision was finally made for the town to levy taxes on the cabins and the caretaker's residence.

The tax exemptions are effective as from January 1, 1947.

## MELVIN NEWS NOTES

Everyone is glad to see the Don Pond receding. The ice jam at the bridge by Johnston's was scanning the steel brackets but on Friday several men worked the jam free, releasing huge masses of ice. By Saturday afternoon the water was gone from the flats. The road there is consequently in need of repair as the water washed away a lot of gravel.

Mr. and Mrs. L. Cooley and family of Olds visited at the home of her sister, Mrs. R. Youngs, on Sunday.

Owing to bad roads the Red Cross school drive which was to have been held at Duponts on Monday evening, was postponed until a later date.

Mr. and Mrs. Lester Krebs, Mr. and Mrs. Frank Herbert and the Wollen family had Sunday dinner at the home of Mr. and Mrs. Ted Sanderman at 8 P.M. Leavens of Mr. and Mrs. Sanderman's silver wedding anniversary.

Oh yes! and our best wishes to Mr. and Mrs. Lester Krebs. They now have three months to feel 'Yes!' They recently acquired a little black dog.

The next meeting of the local Red Cross will be at the R. McNaughton home where they will do the Dresden quilt.

During the next year five quilts have been done and 11 boxes have been sent to civilian war efforts. Ten dollars was handed in to the current Red Cross drive.

## MEETING AT MT. VIEW HALL

Hugh McPhail, district agriculturist of Olds, will address a meeting in the Mountain View Hall on Monday, March 31st, at 8:00 p.m. He will speak on "Warble Fly Control," and "B.T. Testing of Cows." Everyone interested is invited to attend.

"I am sure the people of Canada will respond generally to the current appeal of the Red Cross for funds in order that you may carry on your fine work for veterans and the many other meritorious welfare services which your Society provides."

The national appeal of the Canadian Red Cross for peace-time funds is for a total of \$5,000,000. Of this, \$1,550,000 is sought for work among veterans, including the operation of lodges.

## Local Red Cross Campaign Has Reached \$760 Mark

The collection campaign of the Didsbury Branch of the Canadian Red Cross Society is progressing favorably and up to Monday evening collections of \$759.85 were reported by Art Reiber, acting campaign manager.

This year, due to road conditions, it is almost impossible to canvass in the country, but to give country residents an opportunity to donate to this worthy cause provision has been made to have ladies stationed in a number of local stores each Saturday to receive your contributions. Also, each business place has a Red Cross receipt book and is authorized to accept donations.

The campaign is drawing to a close, and if you have not already made your donation you are urged to do so at once.

Below is a partial list of Red Cross contributions to date. Further lists will appear in "The Pioneer" each week until the complete list has been published.

LOCAL NEWS ITEMS

Harold Dickau moved his parents' house in from their farm east of town last week and Mr. and Mrs. Charles Dickau will soon move into town to reside.

Snow flurries have been prevalent the past few days but the weather is still mild and the surplus water is now soaking into the ground, indicating that the frost is rapidly coming out of the top soil.

Owing to lack of space the Pratt-Olsen wedding report has been held over till next week.

## EDUCATIONAL COUNCIL ASKS 50 PER CENT GRANT

Town and city schools have been able, during good times and bad, to maintain their schools at a satisfactory level of proficiency. The fact that each of these communities represents a certain concentration of wealth on which funds for school purposes can be levied with some measure of ease will explain this.

These centers have been well satisfied to receive rather small assistance from the Provincial Treasury, while rural areas with smaller money resources have received much greater aid. The present campaign by the Alberta Educational Council to have the Provincial Government finance elementary and secondary education to 50 per cent of its cost does not mean that all schools in the province would, were such a reform introduced, have one-half of their costs transferred to the government. It means rather that on an overall basis financial assistance from general revenue would be raised from the present rate of 22 per cent to 50 per cent. The great bulk of the additional money thus provided by the Government would go to rural and village areas. Cities like Calgary and Edmonton might look forward to grants equalling 15 to 20 per cent of their costs in place of the present 5 or 6 per cent. While other localities might receive 75 to 80 per cent assistance. The increased purpose of the effect of the Alberta Educational Council is to promote a greater measure of educational equality throughout the province and provide every child and youth with the opportunity for a sound education.

## URGES CARE IN TREATING TOUGH GRAIN FOR SEED

Officials of the Field Crops Branch, who are conducting treatment of tough grain with mercury dust, dry seed grain may be safely treated with Ceresan or Leyston as early as three months before seeding but too early treatment of tough grain may result in reduced germination.

Tough grain should be treated just before seeding. If this precaution is taken mercury dust treatment will be as effective and beneficial with tough grain as with grain that is dry.

Miss Phyllis Hughes accompanied Mr. and Mrs. Gordon Ford to Calgary last week where they attended the bull sale, and from what we hear this sale was better this year than last.

Robert have it that Mr. Jack Robertson came back from Calgary last week with a new car.

Farmers living west of Didsbury who have purchased Heifer Cattle in the spring sale at Carstairs are Alex Robertson, Jack Robertson, Jim Hughes, Wallace Hughes, Gordon Ford, Ed. Earl and Ervin Klink.

## O.E.S. ST. PATRICK'S TEA

The O.E.S. held a St. Patrick's tea at the home of Mrs. D. Edwards last Wednesday afternoon from 3 to 6 o'clock. The home was tastefully decorated for the occasion with green and white streamers, shamrocks, and the Star emblem, and each table was centered with a green fan center-piece. A large crowd turned out to reward the ladies for their effort. Miss E. Wilson read the tea cups.

## ELECTION RESULTS IN DIVISION FOUR OF M.D. MOUNTAIN VIEW

When Mr. Geo. A. Youngs, Returning Officer, officially declared the result on Wednesday, March 19, of the elections in Division Four of the Municipal District of Mountain View, held on Saturday, March 15, the figures revealed that 480 ratepayers cast ballots at the four poll places, Melvin Hall, Elton Store, Crown Hall and Jackson School. At these four polls H.J. Goettien received 241 votes and L. Hogg 231 votes and after final count of ballots Returning Officer Youngs declared Herbert J. Goettien elected as councillor in Division Four.

Following is the result of each poll:

Poll	Goettien	Hogg
Melvin	31	67
Elton	29	68
Crown	70	65
Jackson	111	11
Total	241	231

There were three mailed ballots at Melvin, four at Elton and one at Jackson School.

As the result of this election the Council of the Municipal District of Mountain View will be comprised of Councillors Chas. Fox, Geo. Haas, H. Roedler, H.J. Goettien, W. H. Metz, F.J. Niddie and B.C. Trimble.

## WESTCOTT W.I. HONORS MRS. TOPPING, WAR BRIDE

The February meeting of the Westcott W.I. was held at the home of Mrs. J. Robertson on Thursday, March 13th, two weeks late on account of snow blocked roads, with 13 members and eight visitors present.

The meeting opened in the usual manner with the new president, Mrs. H. Levaogod, in the chair. Owing to illness she could not be present before. Roll Call was answered by giving "A Duty and Privilege I Have, As A Real Canadian." It has been decided to make up a parcel of used clothing, etc., to be sent to the needy children of Central Europe.

Two songs were sung, "Friendship Is The Thing," to the tune of Peggy O'Neil, and "Old MacDonald Had A Farm."

This was followed by a paper on "Citizenship" by Mrs. O. Swanby. Her subject dealt with outstanding women such as Pauline Johnson, (Indian Women), Joane of Arc (France), Good Queen Bess (England), Isabella of Spain, Clara Barton (American), World Citizens Harriet Beecher Shaw, Florence Nightingale, Mary Slesser, Helen Keller, Edith Cavell, Eleanor Roosevelt, Elizabeth Kenny and Madame Currie.

The "bit of fun" was taken by Mrs. Henry Wisluzen.

The educational talk on "Teacher's Shortage" was taken by the secretary, Mrs. Alex Robertson. Quite a discussion followed as to why we have to have so many married women teaching.

Mrs. T. Topping, war bride, was called on to open her parcels and she was assisted by Mrs. Adolf Baundel. As each person's gift was opened the giver made a wish to the bride. Mrs. Topping thanked all those present for the gifts and said she was sure she was going to like living among the Westcott people.

The next meeting will be held at the home of Mrs. H. Levaogod on March 27, roads permitting.

## MRS. ELISIE BUDGON DIES IN CALGARY SUNDAY

Ronald Gordon returned home last Thursday from west of Winnipeg, Alberta, where he has spent the winter driving a cat for Elton and McDougall Saw Mill Co. The bush certainly agreed with him.

This first fashion show to be held in Didsbury for a number of years was a success in every way and during the modelling of the latest wearing apparel the I.O.D.E. members served tea to the spectators.

## A JOB WELL DONE

Mr. A.L. Hogg, who was defeated at the polls in Division Four of the Municipal District of Mountain View No. 49, need not feel too badly over the result, knowing that for nineteen years he has served faithfully as a Councillor and Reeve, and having the satisfaction that he has played a large part in the expansion of the district, and given his best in the interests of the ratepayers as a whole. Great men have been defeated before, Prime Minister Churchill being a fairly recent example. Due to his great personality and determination to succeed Mr. Churchill successfully brought England through the war to final victory. Within a few months the majority of the people voted him out of office. He did not lose prestige over the defeat, nor will former Reeve Hogg be any less respected for his devoted services. It was no doubt his desire to be fair with the ratepayers of the whole municipal district, with the possible neglect of his own Division, plus lack of interest by many non-voting ratepayers that resulted in Mr. Hogg's defeat.

It was in 1925 that Mr. Hogg was first elected to the council of the Municipal District of Westerdale. He was deputy reeve for a number of years and in 1943 he was appointed Reeve of the municipality and held this office until 1944 when the large municipal districts were formed in Alberta. Mr. Hogg was returned again as councillor and was then appointed Reeve of the enlarged Municipal District of Mountain View, and with his retirement this year has completed 19 years of continuous service to the district as a whole.

When the enlarged municipality was formed the big question at the time was the location of the municipal office. Carstairs, Olds and Didsbury ratepayers wanted the office established in their respective towns. However, partly due to Reeve Hogg's persistent efforts, the present office building was purchased and equipped into what Department officials claim to be one of the best municipal offices in the province of Alberta, and Didsbury was thus selected as the permanent centre of municipal activities. For this achievement the people of Didsbury and district will be eternally indebted to Mr. A.L. Hogg, public citizen and benefactor.

In paying tribute to Mr. Hogg on his splendid record, we must also congratulate the new Councillor, Mr. Herbert J. Goetjen, who will be the new representative in Division Four. The ratepayers of this division will depend on him for faithful and continued support of their demands, and while the life of a councillor is not a bed of roses, supporters feel sure they have in Mr. Goetjen a man of integrity and the Division should continue with excellent representation on the Council of the Municipal District of Mountain View.

## THE FIRST LAP

We have started on a long journey, I hope it will be a delightful trip. The world is tired of hate and strife and bitterness, it seeks love and peace and a touch of that kindness of spirit which makes life worth living.

In Canada we have much to be thankful for. What country in all the world offers brighter prospects for the future? War seems far removed from these peaceful shores. We are blessed with good neighbors, and a great wealth of resources, what more do we need.

We have our differences of opinion, our political disputes. These things are the fruit of freedom, a proof of its existence. Who wants to live in a country where there is no longer freedom of opinion, no right to criticize? There is joy in the feeling that the things we do not like can be changed, if only others can be induced—not compelled, to see the wisdom of our point of view. The recognition of the rights of others is a guarantee of our own. The nation is in our hands. There is something magnificent in the idea that we, the more than twelve million who inhabit this country can make it, in the end, what we think it ought to be.

What do we need for that task? Tolerance, faith, courage. These are the things which must abide with us throughout the years. These are the staffs which will comfort us as we journey through life.

Tolerance means respect for the other fellow's point of view, even when it is different from ours. We are build a nation. The British people are a mingling of many races. It will be so in Canada. Once on a train in the west I asked a man born in the Ukraine if his people were inter-marrying with our people. A smile came over his face. "My daughter's name," he said, "is Mrs. Sandy MacPherson, my grandchildren are Canadians by birth, I am a Canadian by adoption."

We need faith in our country—faith in its resources, faith in its people, their traditions and capacity for accomplishment. Of our courage there can be no doubt. It has been expressed in a thousand ways. "Courage," said Sir James Barrie, "is the lovely virtue." The war is over—let's hope it's over for a thousand years so that we may now strengthen these qualities of tolerance, faith and courage and use them in making a better world, a greater Canada.—R.J. Deachman

### UNEMPLOYMENT INSURANCE COMMISSION FUND

The balance in the Unemployment Insurance fund as of January 31, 1947 was \$362,093,781.04, it has been announced by the Unemployment Insurance Commission.

Joint employer-employee contributions paid into the fund during January amounted to \$6,880,660.89, an increase of \$1,432,075.90 over the corresponding month last year. Included in the joint employer-employee contributions for January was a sum of \$895,979.38, paid into the fund by the Department of Veterans Affairs in respect of time spent in the Armed Services allowance grants to veterans under certain conditions after they enter insurable employment.

Revenues also included the Dominion Government's contribution of

\$1,372,100.89 plus \$641,175.62 interest on investments and profits on sale of securities.

The net increase to the fund during January amounted to \$4,871,283.55.

Benefit payments in January this year amounted to \$4,002,653.85 compared with \$4,492,081.25 in January last year; thus benefit paid out to unemployed insured workers was less by 10.9 per cent in Jan. this year.

Under the Unemployment Insurance Act the Dominion Government pays all costs of administering unemployment insurance and the National Employment Service in addition to its share of contributions to the fund. This means that no expenses incurred in the management of unemployment insurance are charged to the fund.

### OUR IMPORTS

Those who talk glibly of Canada's ability to produce many times her needs are inclined to create the inference that we can be self supporting.

A glance at the record of our imports of necessary commodities—necessary if our present standard of living is to be maintained—impresses with the importance to Canada of world trade. Our imports of agriculture and vegetable products last year were over 10 million dollars. This included nuts, fruits, rice, tea, coffee, rubber and sugar. Fibres and textiles products of 264 million dollars included cotton, silk, artificial silk, flax, hemp and jute.

### BINDER TWINE INCREASED \$7.50 PER 100 POUNDS

In line with the government's policy of removing subsidies as soon as conditions permit, the Wartime Prices and Trade Board has announced the elimination of the subsidy on sisal fibre, which has been paid since 1942 in order to maintain the basic period price for binder twine.

Officials point out that the price to Canadian manufacturers has been subsidized to a base cost of \$4.02 per 100 pounds of sisal fibre. At the present time the unsubsidized cost is \$10.89 per 100 pounds for fibre from British East Africa, which is used by the Canadian mills. This price, however, is substantially below current comparable prices for fibre from other sources, which at present range from \$14.00 to \$19.00 per 100 pounds.

The Board has therefore authorized an increase effective immediately of \$7.50 per 100 pounds in manufacturers' list price which will offset the removal of subsidy and other overhead expenses which have occurred since the basic period. Retail consumer prices will reflect the appropriate adjustment.

Although manufacturers will be allowed to reflect the increased price in present inventories they will be required to refund the subsidy they have drawn for fibre manufactured into binder twine for sale in 1947.

### BLOOD IS LIFE

One of the major factors contributing to the causes of death in the Dominion is the lack of adequate transfusion facilities in our hospitals to cope with accidents and other illnesses.

To meet the needs of Canadian hospitals, the Red Cross is establishing, as part of its peacetime programme, a completely free Blood Transfusion Service. Every day there are instances of civilians, mothers in childbirth, victims of fire and those suffering through accidents, illness and disease, needing blood to save their lives. The majority of Canadian hospitals find difficulty in providing sufficient blood to meet emergency needs.

This is an important Red Cross service and a costly one with results measured in terms of lives saved. More than one-fifth of the 5,000,000 budget required by the Society in 1947 will be used to ensure the availability of lifesaving whole blood and plasma through our hospitals to all Canadian from coast to coast.

Give generously when the Red Cross cancer calls, when you are making your donation to any one qualified to accept contributions.

### BREAD PRICES

Rising wheat prices in the United States have resulted in an increase in the cost of bread as much as 3c a loaf in some instances. The price of a 24-ounce loaf in Atlanta, Ga., was advanced to 17c.

The price of a 20-ounce loaf in Alberta is 9c in the stores and 10c delivered, in Saskatchewan 9c for a 20-ounce loaf, while in Manitoba where loaves are sold on a 16 and 20 ounce basis, the price is 7c and 9c.

The price of bread in Canada is the same as before the war. Bakers obtain their flour at a cost of 77¢ a bushel. The federal treasury pays the difference between 77¢ and \$1.55, namely 77¢.

A Toronto columnist explaining the well-known absence of any activity on Toronto's downtown streets on Sunday mornings states that a policeman asked, "Where is everybody?" The Irish cop considered for a moment, "The Catholics are in church, the Protestants are in bed, and the Jews are in Florida."

### IN THE LEGISLATURE

(By H.G. Hammell)

The past week witnessed the passage of the estimates in the Budget, also the further reading of many Bills.

One Bill before the House provides that nurses with a Grade XI school standing may become members of the Registered Nurses' Association.

Another Bill provides that all adoptions of children must be done through the Child Welfare Commission. It also provides for closer inspection of the homes where adopted children are placed.

An amendment to the Public Service Vehicles Act provides that the Highway Traffic Board may grant a PSV license without holding a public hearing to consider the necessity of such a license being issued. They will continue to hold sittings where it is deemed necessary to get more information regarding the necessity of a new license being issued.

During the war years, the Dominion government charged a three-cent tax on all gasoline, whether used for commercial or for agricultural purposes. This amounted to \$4,000,000 in the Province of Alberta last year. On April 1st, 1947, the Dominion government is going to vacate this tax field. When the Dominion government does so, the Provincial government will keep in force two cents of the present three cents' tax on gasoline, except agricultural gasoline. All of the Federal tax on agricultural gasoline will be dropped. This will give the Province the lowest provincial gasoline tax of any province in Canada. The Provincial government's tax is expected to bring in a revenue of \$1,300,000. (It will not affect agricultural gasoline).

A change in the Vehicles and Highway Traffic Act provides that in the case of two vehicles approaching or entering an intersection at approximately the same time the vehicle on the left shall yield the right-of-way to the vehicle on the right. Another change deals with the case of a driver of a vehicle approaching an intersection, and provides that he shall yield the right-of-way to a vehicle in the intersection who is turning to the left across the line of travel of such a driver. If the driver of the vehicle turning left has given a plainly visible signal of his intention.

Another Bill provides for the free hospitalization of old age pensioners, blind pensioners, and recipients of mothers' allowance, and the dependents of these people.

A change in the Alberta Hail Insurance Act provides that an insured crop will be covered against hail loss while it is in the stock or the swath.

The annual debt service charge of the Alberta government, after 1947, will be fourteen per cent of our Provincial revenue. This is, of course, based on present revenues. When the present government took office in 1935, the province's annual debt service charge, for interest only, was fifty-one per cent of the provincial revenue.

### TIME TO TREAT SEED GRAIN

Seed grain treatment need no longer be left until seeding time. Before the development of mercury dusts, seed treatment with formalin was just another of those chores that had to be done while the spring rush was on. Now-a-days with the use of Ceresan and Lysotan the seed can be cleaned two or three months before sowing.

J.E. Birdsall, Supervisor of Crop Improvement, tells us that in addition to their convenience, mercury dust treatments have other advantages. They control not only surface borne smuts but other diseases too. They also give some protection to the seed against organisms in the soil. In using mercury dusts remember that they are poisonous. Read carefully the precautions on the container.

Formalin may cause considerable seed injury, especially if the seed is cracked or broken. Formalin treatment is not recommended for wheat and should never be used for hullless oats or barley. If used for other varieties of oats or barley the strength of the solution should not be greater than recommended in the directions on the bottle.

Neither mercury dust nor formalin treatment will control loose smut of wheat and barley. The loose smut can be controlled only by hot water treatment, but this is not an easy method to use under farm conditions. The best way to control loose smut on the farm is to buy new stocks of registered seed from time to time.

Painters know that it pays to use a quality paint — one that will stand up stoutly to wear and weather. That's why so many painters use — so many leading dealers sell — C-I-L PAINTS.

It takes no more time to apply a good, dependable paint than it does to use an inferior product. And time — not the paint itself — is the chief cost item in a painting job. So when you paint — whether a chair, a room or a house — choose a paint which will give you lasting beauty and protection.

## WAIT FOR THE 1947 OLDSMOBILE

Oldsmobile for 1947 is smartly styled in three colorful series and 12 body styles. The new and improved GM Hydra-Matic Drive is available as an option on all models and affords

fully automatic shifting through all four forward speeds and totally eliminates the clutch pedal. Oldsmobile is the only car in its price range that offers this feature.

## ALBERTA WILL LEVY HIGHER GASOLINE TAX

An additional two cents per gallon will be added to the Alberta gasoline tax on April 1, according to the provincial budget brought down in the legislature on March 7. It is estimated to yield an additional \$1,300,000 which will be expended entirely on highways.

This means that while the Dominion will drop its three cents tax on April 1, the provincial is picking up two of it. This year Alberta

motorists will pay a total provincial tax of nine cents a gallon, instead of 10 cents in provincial and Dominion taxes. The federal tax was imposed during the war years as a war measure.

Officials of the Alberta Motor Association have stated that they regret that the two cents additional tax was being imposed, in view of the favorable terms of the Dominion-provincial tax transfer agreement.

However they say that if the province has adopted as a permanent

policy the spending of at least all motor revenues on highways, which the A.M.A. has advocated for many years, few people will be disposed to question the province's action in imposing an additional provincial tax on gasoline.

White elephants are reared as incarnations of Buddha. While valuable, they are burdensome to keep, hence the colloquialism "white elephants" is applied to something which the upkeep is too great to justify retaining.

## 1947 OLDSMOBILE OFFERS HYDRA-MATIC DRIVE

The 1947 Oldsmobile offers the new and improved General Motors Hydra-Matic Drive as an option on all models. The drive affords fully automatic shifting through all four forward speeds and totally eliminates the clutch pedal. Oldsmobile is the only car in its price range that is equipped with this feature. First introduced in the 1940 models, Hydra-Matic Drive has since been tested beyond any doubt. It is the absolute drive control for 1947.

The new Oldsmobile retains its basic beauty, sturdiness of construction and economy of operation and is further enhanced by the addition of several new exterior styling changes. Other Oldsmobile features for 1947 include extensive interior restyling, appealing new colors and all-round engineering excellence which have been combined to produce the most distinctive Oldsmobile in history.

The new models are available in three series and twelve body styles. In the popular priced "68" series are the Club Sedan, Four-door Sedan, Club Coupe, Convertible Coupe and Station Wagon. All these cars are 119-inch wheelbase and are powered with 100 horsepower six cylinder engine. Four designs are included in the "78" and "78" series—Club Sedan, Four-door Sedan, Deluxe Club Sedan and Deluxe Four-door Sedan. The wheelbase is 125 inches and either six or eight cylinder engines are available. Horsepower is 100 in the six or 110 in the eight. Three body styles are available in the "98" series—Club Sedan, Four-door Sedan and Convertible Coupe. They are of 127-inch wheelbase and are powered with 110-horsepower motors.

## TRUMAN GETS \$4,200 AFTER INCOME TAX

United States income tax day finds President Truman unperturbed about filing his 1946 returns. Truman made out his return before he left Washington for a rest. It was estimated that he would have only about \$4,200 left of his \$75,000 salary after payment of taxes and expenses.

## 2,4-D HARMLESS TO CATTLE

Permanent and temporary pastures can be safely sprayed with 2,4-D weedkiller for the eradication of troublesome weeds. Substantial doses have been fed to a number of dairy cows without any harmful effects being detected. The general health of the animal remained the same and there was no trace of 2,4-D in the milk.

## On Seed Treatment

More farmers in Western Canada should realize that seed treatment is a sound, practical and profitable farm practice. Unfortunately, a large proportion of the seed grain sown in Western Canada each year carries disease-producing organisms, or is damaged by weathering or leaching. Therefore, the best advice we can give to prairie farmers is this. Unless seed of wheat, oats, barley and flax is known to be disease-free and undamaged, seed treatment is necessary and strongly recommended.

**Recommended Treatments.** To protect the organic mercury dusts (Mercuran, Lysotan, etc.) are generally recommended for use on seed of wheat, oats, barley and flax. Covering the seed with an organic mercury dust has a two-fold effect. (1) It controls surface-borne smut that the loose snouts of wheat and barley, and reduces the losses caused by seedling blight and certain root rots. (2) It gives the seed, when sown, considerable protection against the attack of soil-inhabiting organisms that may rot the seed or cause seedling blight. Formalin is not recommended for seed wheat. Under no conditions should it be used for the hulls of varieties of oats and barley.

**Seed Treatment Facts.** (1) To obtain the best results from any mercury dust treatment the seed should first be thoroughly cleaned. (2) For small grain crops the rate of application is one-half ounce per bushel of seed; for flax the rate is one and one-half ounces per bushel. (3) After treatment the seed should stand uncovered in sacks for at least 24 hours before planting (7 days is preferable for oats and barley). (4) Seed may be treated two months in advance of sowing. (5) The organic mercury dusts are poisonous. Observe the precautions given on the label of the dust container. (6) Seed treated with an organic mercury dust should not be sold for commercial purposes or fed to livestock.

Further information on seed treatment can be obtained from the Dominion Laboratories of Plant Pathology at Edmonton, Saskatoon, and Winnipeg, or from Linc. Elevator Farm Service, Winnipeg.

## CANADA'S BEEF CONSUMPTION

In 1946 meat consumption in Canada averaged 85 pounds per capita, or 14 pounds weekly for each man, woman and child. This required about 25,000 head of cattle weekly.

Exports of beef in various forms amounted to the equivalent of 390,000 head of cattle in 1946. Average slaughtering of cattle in the first five weeks of 1947 were 1,500 head short of the 1946 average domestic disappearance.

## Berscht's Showing of Spring Fashions

### AT THE MONS CHAPTER I.O.D.E.

## Fashion Show, Monday, March 24th

The poet tells us: "In the Spring a young man's fancy lightly turns to thoughts of love." A lady's thoughts may turn to love, but we know her thoughts definitely turn to new clothes—clothes of distinction, clothes of the latest styles and colors. These smart, new spring styles are shown by J. V. Berscht and Sons, modelled by Mrs. Edythe McFerridge, Mrs. Lila Tugle, Mrs. Lottie Rouleau, Mrs. Marie Walkin, Mrs. Dorothy Prevost, Miss Gwen Dainty and Miss Irene Sinclair.

The new silhouette suits are conservative in style. Shoulder pads are smaller, while the skirts, with their soft folds, have reached a new level—19 inches from the floor.

1. Modelled By Mrs. Edythe McFerridge—This first suit is in one of the most popular new shades of gray; in a One-Button Style. The outstanding feature of this suit is the soft ruffles at the back of the coat with simulated pockets and the kick pleat in the front of the skirt.—Priced at \$29.95.

2. Modelled By Miss Irene Sinclair—This suit is of fine wool and will please the most discriminating taste. Slender line lines in shades of brown, mustard and green, with one button and fold over pockets on the jacket. Costume jewellery adds to the distinctive style of this ensemble, which is both smart and colorful.—Priced at \$26.50.

3. Modelled By Miss Gwen Dainty—This model is of fawn and brown wool polo cloth. Styled along tailored lines, with straight cut back and set-in pockets with small breast pocket in the jacket, which add to the finished appearance of the suit. The skirt has a pleat in the front and back. Slightly heavier material is used to add comfort to the wearer for the cool evenings of spring and summer.—Priced at \$27.50.

4. Modelled By Mrs. Lottie Rouleau—The original three-button checked tweed with piped pockets, giving a slenderizing effect and adapted especially for the outdoor girl. This outfit is completed by a fine wool Ballantine pullover sweater, in soft canary shade.—Priced at \$21.50.

5. Modelled By Mrs. Marie Walkin—Here we have a unique peak label model fashioned on graceful lines, with the new popular bell sleeves, and sloping bustle back. A soft shade of turquoise, and altogether a fantasy of figure flattery.—Priced at \$24.95.

6. Modelled By Mrs. Lottie Rouleau—For dress or business is this smart one-button style of plaid tweed with matching coat, making a three piece ensemble. The coat or suit can be worn separately, making a practical outfit for the business woman.—Priced at \$23.50.

7. Modelled By Mrs. Edythe McFerridge—This little afternoon dress of figured crepe in soft shades of gray accenting a slim waist and rounded hip line has fine pleating in the front of the waist, with a softly draped skirt and the new push-up sleeves. Combined with this is a Park Fashion shortie coat, with Semi Raglan sleeves and a full bell cut, with stitching at the elbows.—Priced at \$8.95.

8. Modelled By Miss Irene Sinclair—Among the Spring headliners is the ever popular Cheryl Lee models of printed jersey. The buttoned neck line and short sleeves, together with the softly draped skirt makes a dainty and colorful spring and summer frock.—Priced at \$14.95.

9. Modelled By Miss Gwen Dainty—For summer showers, be sure to wear Croyden's Satin Shower Proof Coats, with fly front and full belt. These are also obtainable in shades of gold. The figured anglokin dress with tailored collar and gathered yoke, has two patch pockets, while fancy buttons complete the waist. The skirt with fine pleats in front and back, make this dress ideal for summer wear.—Coat Priced at \$24.50; Dress \$7.95.

10. Modelled By Mrs. Dorothy Prevost—This little cerise colored shortie coat, with its gold and black trimmings has bell, shoulder pleated sleeves, and an anglokin front, a close fitting style; smart, distinctive and colorful. The dress is of the ever popular jersey material, with plain colored skirt and printed belt. Also a Cheryl Lee product.—Coat priced at \$32.50; Dress \$14.95.

11. Modelled By Mrs. Marie Walkin—Crisp, Classic and Casual are the new exclusive Printella Dresses. This is a Sharon Frock, noted for its wide hem and well finished seams and better quality material. What more could a person ask in a little summer Wash Dress.—Priced at \$4.50.

12. Modelled By Mrs. Lottie Rouleau—Red and white flowers splash across the blue spun, front buttoned, pleated afternoon dress, which can be worn for street wear or to afternoon teas.—Priced at \$5.50.

13. Modelled By Mrs. Edythe McFerridge—Again it's a Sharon Frock. Yoke at the back and a flared skirt with black leather belt matching the gray striped print, and always the wide hem and well finished seams. Priced at \$4.50.

14. Modelled By Miss Irene Sinclair—Sing a song of this new two button fashion wise, gay and colorful number. Slash pockets, and sleeves flaring out like a bell, to be caught and held into a buttoned cuff at the wrist. Priced at \$22.95.

15. Modelled By Mrs. Lila Tugle—For the bride's going away outfit. Triple stitched yoke effect. Slash pockets, buttoned neck, and loose fitting. The bell sleeves are finished with the triple stitching to match the yoke. Priced at \$24.95.

16. Modelled By Mrs. Marie Walkin—This little up to the minute coat, with its velvety finish, is detailed with care in dove gray shades. Trumpet shaped sleeves, pleated waist line, and wide belt of the same material make this an unusually clever style. Priced at \$29.50.

17. Modelled By Mrs. Prevost, Miss Dainty and Mrs. McFerridge—The next three styles complete our display of Ladies' Suits, Coats and Dresses. The Park Fashion Coats, cleverly designed and increasing in popularity, indisputable for style and practical wear are strictly an Alberta Product. They are stylish, colorful and exclusive. Priced from \$22.95 to \$27.50.

We wish to thank the Marvian Ladies' Wear for the hats that were displayed by our models, and which were loaned through their kindness and courtesy.

We also wish to thank the I.O.D.E. for the opportunity of displaying our Spring Styles in Ladies' Coats, Dresses and Suits.

## Economical Housewives

There was a day when the housewives bought the far away "bar-gain" in the belief that it was good business to save a few pennies. But experience taught them a few things. Today's housewives do not buy blindly. They examine the article first and when satisfied with the product they pay a fair price at home. It is economical to make your purchases in

# —: DISTRICT NEWS:—

## BURNSIDE NEWS NOTES

Mr. and Mrs. Sam Elliott were Calgary visitors Friday.

Mr. and Mrs. Herb Zeigler visited with Mr. and Mrs. Alfie Thompson last Sunday.

Mr. and Mrs. Cecil Cippely and the latter's sister, Doris, of Calgary visited in the district last week end.

Toby Schartner passed through the district Thursday on his way from Schartner avenue at Bergen to Sunnyslope with loads of furniture and farm implements.

Sandy Brander returned Friday from Calgary where he attended the bull sale. He made good time till he hit the mud on the Walter McCulloch mile of road and then became stuck and had to be pulled out with a tractor.

Mr. and Mrs. Schumaker were also stuck in this mud on the same road and had to be pulled out. Tractors seem to be the order of the day right now.

Mrs. Jack Underhay, our new resident, called on her neighbor, Mrs. Ivan Weber last week while waiting for the mail man who was having difficulty getting through due to road conditions.

The St. Patrick's dance at the Lone Pine Hall last week would have been a "hop" had it not been for the timely assistance of Mrs. Clare Hearn at the piano and Hank Campbell on the violin, who stepped in at midnight, when the orchestra did not arrive, and provided music for the dancers. The Board served a lovely lunch and took a collection to defray expenses.

The condition of the roads due to the spring break-up more than ever convinces us that gravel is badly needed on some of our roads, and we hope our councillor will see that this gravel is placed as soon as possible.

Mr. and Mrs. Spaan of Bindloss, Alberta spent the latter part of last week with their daughter and family, Mr. and Mrs. Brander.

We are pleased to report little Mary Spragg, who has been a patient in the Didsbury hospital, was well enough to come home last week.

Mr. and Mrs. Bob McCulloch were business visitors in Calgary Tuesday.

Mr. and Mrs. Bob Eckel were dinner guests Sunday at the home of Mr. and Mrs. Howard Charlton of Carstairs.

Mr. and Mrs. Walter McCulloch were visitors at the Sandy Brander home on Thursday.

Chas. H. Mardon underwent an operation in the Belcher hospital last week and is as well as could be expected.

## ZELLA NEWS ITEMS

Congratulations are extended to Mr. and Mrs. Joe Rindal on the birth of a boy on March 16.

Mrs. Henry Lehey of Peace River has been visiting with her parents, Mr. and Mrs. Ervin Brower.

Ernie Gourdine of Edmonton is also visiting in the district. Ernie came down by truck and is stranded here due to the road ban.

The Rosehill brothers have now set up a saw mill and sawing will start shortly.

Congratulations to Jean Cogswell on passing her music exams. She received honors in counterpoint Grade IV, and a pass in history Grade V.

ENGAGEMENT ANNOUNCED  
Mr. and Mrs. E. Buhr announce the engagement of their second daughter, Adeline Sarah, to Mr. John Hill Carlin, only son of Mr. and Mrs. L.E. Carlin of Calgary. The wedding will take place on Monday, April 14th, at the Hillhurst United Church, Calgary.

## WESTERDALE NEWS

Due to the muddy condition of the roads only a very small crowd attended the Irish Stew Dinner and Bazaar held last Wednesday evening. However, the bazaar articles sold very well and \$95.75 was realized.

Mr. and Mrs. W. Herbert and Mr. and Mrs. R. Jackson attended the Calgary Bull Sale last Thursday.

Mr. and Mrs. T. Collinge of Acme visited on Sunday last at the home of Mr. and Mrs. B. Kershaw.

Word was received by Mrs. H. Jackson last week stating that her brother, Ken Farrant, had been discharged from the Canadian Army due to a heart ailment.

Mr. G. Arnold, director of the National Film Board, was on hand with another show last Tuesday after an absence of three months. Following the show Mr. Parkinson, machine instructor at the O.S.A. Olds, gave an interesting talk on the operation of the tiller.

A very enjoyable evening was spent at the home of Mr. and Mrs. R. Jackson on Wednesday last when the Westerdale Willing Workers entertained their husbands at a whist party. Prizes were won by Miss Winnie Jackson and Mr. J. Cowie. Consolation winners were Mrs. J. Schrader and Mr. Francis Jackson. At the close of the evening a delicious lunch was served consisting of chicken salad, sandwiches, cake and coffee.

Mr. and Mrs. W. Herbert visited at the home of Mr. and Mrs. Ed Phillips of Sundre on Sunday afternoon.

Lester Pross of Didsbury visited at the home of Mr. and Mrs. T. Bolton last Sunday.

## INNERNESS NEWS NOTES

Spring is here. Ducks were seen going north on Friday and the weather for the past ten days has been mild.

Logging seemed to have let up when the warm weather arrived. Some horses in the district are in poor shape following the severe winter and heavy snow.

The Little Red Deer river was quite high last week, but the water level has gone down again.

Lester Inman has rented his place on the Elkton-Bergen road to A. Pedden.
